Terms & Conditions

- I am the legal owner of the solar water heater (SWH) or the small generation unit (SGU) as described in this form.
- I understand I am not under any obligation to assign my RECs to Greenbank Environmental Pty Ltd. Once RECs are uploaded into the REC registry I can not withdraw my assignment
- I agree I will repay the amount of the REC payment to Greenbank Environmental Pty Ltd should my assignment be invalid or if Greenbank is unable to create the RECs with the Office of the Renewable Energy Regulator (ORER).
- At regular intervals we set the price we are willing to pay for RECs and inform our network of installers and other suppliers of that price. For each REC we are assigned the right to create, we will pay the price prevailing at the time we upload the details of your System into the REC registry.
- You authorise Greenbank to correct any incorrect details included by you in this form.
- For 6 years beyond the period you have assigned your right to create RECs, you must retain proof of your purchase of the System and proof of its installation including the installation date, and make that information available to us or to ORER on request.
- By completing this form, signing it and sending it to us, you are offering to assign the right to create RECs to us. If we upload the details of your PVD or SWH unit into the REC registry maintained by the Office of the Renewable Energy Regulator (ORER), that will amount to acceptance by us of your offer.
- Greenbank Environmental cannot be held liable for forms that have not been received by us. If you are faxing your forms in, please print off a fax communications report at the end of your transmission to verify the number of pages actually sent.
- Please check that all the required details have been completed in full and then sign the front of this form and have the installer sign as your witness. Please initial this back page as acceptance of the terms and conditions and make sure both pages are sent to us for processing.
- I understand that the RECs are a commodity like shares and are subject to supply and demand pressures which may affect the price I receive.
- I have not previously assigned or created any RECs for the System within the deeming period.
- Installation of the System was completed and operational on the installation date specified in the above section of this form.

Privacy Declaration

Greenbank Environmental Pty Ltd will not release any personal or System information provided to any party other than the Office of the Renewable Energy Regulator for the creation of the RECs.
